

XS series Gastrointestinal fiberscope

XS-30 9.8×1350mm, non water-proof
XS-30 9.8×1350mm, water-proof
AGF-40 9.8×1350mm, water-proof, import image bundle
 Specifications:
 Angle of view field: 145°
 Depth of view field: 3-100mm
 Range of tip bending: Up 210°, Down 90°, Left / Right 120°
 Instrument channel diameter: 2.8mm
 Working / Total length: 1010mm / 1350mm

XC series Colono fiberscope

XC-900 13×1350mm, non water-proof
XC-900 13×1350mm, water-proof
XC-1300 13×1650mm, non water-proof
XC-1300 13×1650mm, water-proof
XC-1300 13×1650mm, water-proof, import image bundle
 Specifications:
 Angle of view field: >100°
 Depth of view field: 5-100mm
 Range of tip bending: Up 180°, Down 180°, Left / Right 160°
 Instrument channel diameter: 3.2mm
 Working length: 1000mm(XC-900), 1300mm(XC-1300)
 Total length: 1350mm(XC-900), 1650mm(XC-1300)

ABF series Broncho fiberscope

ABF-6 6×800mm, non water-proof
ABF-6 6×800mm, water-proof
ABF-6 6×800mm, water-proof, import image bundle
 Specifications:
 Angle of view field: >100°
 Depth of view field: 3-50mm
 Distal end diameter: 5.3mm
 Range of tip bending: Up 130°, Down 90°
 Instrument channel diameter: 2.0mm
 Working / Total length: 530mm / 800mm

ANF series Laryngo fiberscope

ANF-6 6×710mm, non water-proof
ANF-6 6×710mm, water-proof
ANF-6 6×710mm, water-proof, import image bundle
 Specifications:
 Angle of view field: >100°
 Depth of view field: 3-50mm
 Distal end diameter: 5.3mm
 Range of tip bending: Up 130°, Down 90°
 Instrument channel diameter: 2.0mm
 Working / Total length: 410mm / 710mm
